

GADEMONSTRE-

Et performativt byspil om kroppen og den udøde digitale zone.

Et samarbejdsprojekt mellem Tårnby Park Studio, Børnekulturhus Ama'r, Sydhavn Teater, Live Art Denmark & Skjold Contemporary (Østerbro), Dance.cooperativE og andre kunstnere, der krydser grænser i København, mellem det fysiske og det digitale rum.

Gademonstre er et performancespil, der opfordrer familier og performance-interesserede til at opdage deres nabolag og de mennesker, der bor der, gennem en fysisk oversættelse af det velkendte augmented-reality smartphone-spil *Pokémon* (=Pocket Monster). Projektet foregår over to perioder: I den første periode vil der være et live performancespil organiseret 3 bydele i København med liveperformere og "eksperter i dagliglivet" involveret. Vi ansøger hermed om et bidrag til at skabe den første version med steds-responsive liveoptrædener, altså performance der bliver skabt i respons til stedets fysiske udformning i områderne Amager, Sydhavnen og Østerbro.

Et år senere vil der være en digitaliseret version klar, hvor de enkelte performances er digitaliseret med et 3D-kamera og programmeret som en smartphone-app. I spillet er man en aktiv deltager, og man kan med spillets app gå rundt i områderne, hvor lokationsdata fra mobilen, vil få forestillingerne til at dukke op på skærmen. Denne ansøgning, gælder kun den første periode med et live performancespil.

Dette performancespil er en nyskabende kulturoplevelse for Københavns beboere, der er med til at skabe deres daglige omgivelser om til en verden mellem fantasi og virkelighed. Med dette performancespil, ønsker vi at skabe interaktion mellem byens beboere gennem en kunstnerisk oplevelse, i tæt samarbejde med partnerne i hver bydel.

Performancespil i nærområdet

I løbet af sommeren 2025 kan deltagerne i tre uger gå på monsterjagt på Amager, Sydhavn eller Østerbro. Performancespillet har premiere d. 22 maj i Sydhavnen, og spilles derefter på Amager d. 30 og d. 31. august 2025, og til sidst en stor finale der er planlagt til at foregå d. 1 oktober på og omkring Østerbro Stadion. De ansøgte midler bliver brugt på gennemførelsen af de totalt 11 performancespil.

Det omrejsende performancespil trækker paralleller og inspiration fra det velkendte spil *Pokémon* igennem karakterer og æstetiske referencer, men finder dog fuldstændig analogt sted. Publikum bliver tildelt et kvarter i deres bydel med skjulte hjørner, offentlige pladser, en sportsfacilitet, en underjordisk passage. De kan, baseret på nogle retningslinjer, skabe deres egne ruter gennem forskellige stationer i deres eget tempo.

Aktiv deltagelse

Publikum er aktive deltagere igennem hele spillet, og leder efter monstre i området, men ved ikke præcis, hvor monstre – live-performere – vil dukke op. Et genkendeligt lydbillede gør dem opmærksomme på, når de er tæt på. Monstre bærer en højttaler med spillets lyde, der kommenterer på deres aktuelle følelsesmæssige eller mentale tilstand. De kan overraske med et angreb, være venlige og bløde, eller følelsesløse som sten. Publikum kan interagere med dem, ændre dem, uddanne dem, ødelægge dem – og samle point. Når interaktionen er ovre, leder publikum efter det næste væsen, der dukker op. I løbet af spillet får publikum muligheden for at vælge en favoritkarakter, som senere repræsenterer dem i det afsluttende spil. Det kan ske, at når de møder et gademonster og interagerer med det, ser de andre publikummer i nærheden, der oplever en interaktion med et andet monster. Det urbane rum er et område, hvor man altid skal være forberedt på de udøde...

Til performance-spillet bruges der skærme lavet af pap, apparater lavet af træ, arbejde med kabler, lyde af sten, træ, vind, planter, og som en teaser til det digitale, lyde fra kendte computerspil, som vi projicerer ind i byrummet.

Det afsluttende spil er en samling af alle monstre og publikum, hvor de interagerer med stedet, publikum og hinanden. Et kollektivt spil om evig overlevelse i den digitale sfære, hvor det stenede byområde efterlades bag dem. Slutningen af spillet er dedikeret til overgangen til det digitale og inviterer publikum til at blive udøde eksistenser i det enorme landskab af 0 og 1. Den, der har flest point, kan starte den udøde oplevelse først.

Interaktionen mellem deltagerne og performancekunstnerne/de fiktive karakterer skaber en nærværende tilstedeværelse og sætter spørgsmålstejn ved opfattelsen af hvad der er game - fiktion og hvad der er fysisk urban virkelighed. Eller i hvilken grad er hele byen en fiktion, eller født af fantasier, som nu er blevet til sten, planter, gader og huse? I løbet af turen vil der også være øjeblikke af dokumentarteater, hvor deltagerne pludselig ender i en lejlighed eller i en baggård hos en nabo i lokalområdet, der taler om virkelige møder med monstre, spøgelser eller egne oplevelser med Pokémon-afhængighed.

"Du går om hjørnet, og pludselig ser du en performer fra Dance.cooperativE, der smiler til dig, kravler på jorden eller beder om lidt træning. Du interagerer med, eller skyder mod monstret, og fortsætter gåturen."

På Amager og i Sydhavn finder performancespillet sted i et lokalt nabolag. Der arbejdes på, at den store afsluttende finale foregår på Østerbro Stadion – i omklædningsrummene, faciliteterne, på løbebanen og sportspladsen, og til denne afslutning er alle deltagere fra de foregående spil i Sydhavnen og Amager, også inviteret med.

BUDGETSKABELON

Det er en forudsætning for udbetaling af Københavns Kommunes projektilskud at tilskudsmodtager udarbejder et budget, der er opstillet i overensstemmelse med denne budgetskabelon. Budgettet skal godkendes af Kultur- og Fritidsforvaltningen.

Alle felter markeret med gult skal udfyldes. Der må gerne tilføjes linjer, under såvel indtægter som udgifter. Såfremt I ikke har indtægter fra eksempelvis fonde, honorarer eller billetindtægter, skriver I 0 i feltet ud for.

Aflyses eller ændres væsentlige dele af projektet skal budgettet revideres og sendes til Kultur- og Fritidsforvaltningen med en forklaring på ændringerne. Ændringerne og det reviderede budget skal godkendes af Kultur- og Fritidsforvaltningen.

Det senest godkendte budget skal sidenhen anvendes som grundlag for regnskabsaflægning, og væsentlige afvigelser fra budgettet skal årsagsforklares (se vedlagte regnskabsmodel og -instruks).

Sydhavn Teater ønsker hermed at bakke op om værket „You can't avoid crashing into a Pokémon, since it's of flesh and blood - a city game“ af Andreas Liebman.

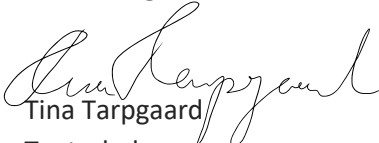

Som teater ønsker vi at indgå i et samarbejde omkring udviklingen af værket sted specifikt i Københavns Sydhavn.

I forbindelse med ”You can't avoid crashing into a Pokémon, since it's of flesh and blood - a city game“ vil Sydhavn Teaters udviklingsafdeling kunne bidrage aktivt med at etablere kontakt til det lokale netværk. I forbindelse med præsentation af værket vil Teatret kunne stå for billeshåndtering og billet-administration og bidrage til synlighed i lokalområdet gennem vores stærke netværk samt på vores hjemmeside og sociale medier. Vi kan desuden tilbyde tilgang til vores tekniske udstyrspakke og lån af udstyr herfra efter nærmere aftale.

Den samlede værdi af Teaterets ”in kind” bidrag til processen beløber sig til 40.000 kr.

De endelige aftaler omkring formatet for samarbejdet, herunder tidspunkt og varighed, udarbejdes under forudsætning af at projektet opnår tilstrækkelig finansiering til at blive realiseret.

I am a Swedish-Filipino artist working with dance and choreography between Copenhagen and Stockholm. I describe my art practice as inquisitive and experimentally playful, often in the role of performer. I produce own works at times, and othertimes share the responsibility of authorship. Tracing the migration and transformation of dance(s) across circumstances is a point of interest in my work, noting the material, affective and social conditions they might (re)produce. I am part of Dance Cooperative, a studio and intersectional feminist arts platform located in Copenhagen organised by 16 freelance artists since 2020.
